2022 cycle

Undergraduate Admissions Statistics – 2022 cycle

The following tables and charts are produced annually and are intended to provide a statistical analysis of applicants to the Cambridge Colleges.

The data has been prepared on behalf of the Admissions Forum of the Cambridge Colleges by the Cambridge Admissions Office (email: caodata@admin.cam.ac.uk).

Contents

Undergraduate admissions statistics are provided in the following categories:

1	Overall numbers	4
2	School/college type	5
3	Region	16
4	A Level profile	19
5	Gender	20
6	Age	29
7	POLAR4 classification	30
8	Output Area classification	33
9	IMD classification	36
10	Ethnicity	39
11	Disability	48
12	The admissions process	49

Notes for information

- These statistics refer, unless otherwise indicated, to applications made from September 2021 onwards for admission to courses starting in October 2022 or by deferred entry to courses starting in October 2023. Applicants holding a deferred offer from previous admissions rounds are not included. Please note that the statistics also exclude 288 applicants through UCAS who did not submit *My Cambridge Application* in addition to a UCAS application, as required to complete their submission to the University.
- The term 'Home' refers to applicants who have indicated in their UCAS application that they are permanently resident in the UK. For more information about the UCAS application process, please see: www.ucas.com/undergraduate/applying-to-university.
- Gender data throughout uses the binary female/male options provided via the UCAS application, and may not reflect the gender identity of all applicants.
- Offer figures refer to applicants who received a conditional or unconditional offer of a place.
- Acceptance figures include only those applicants who received an unconditional firm offer of a place. It excludes those made conditional offers who were unsuccessful at confirmation.
- Success rate figures show the proportion of applicants accepted at confirmation.
- Percentages throughout have been rounded to one decimal place, so values given may not always add up to 100.
- Please note that the statistics are not intended for use in the University's return to the Office for Students (OfS), as they are calculated on a different basis.
- Equivalent tables for the previous application cycle may be found in: www.undergraduate.study.cam.ac.uk/files/publications/ug_admissions_statistics_2021_cycle.pdf

Summary

The 2022 admissions cycle followed two cycles conducted during the COVID-19 pandemic, during which larger than usual numbers of applicants were accepted. As a consequence, 2022-cycle figures are better compared with pre-pandemic offer and acceptance levels.

Please note that last year's figures are shown in *italics* in brackets.

Table 2.1 Applications, offers and acceptances by type of school/college and gender

- The total number of applications is 22,470 (22,795), a decrease of 1.4%.
- The total number of offers is 4,238 (4,260), a decrease of 0.5%.
- The total number of acceptances is 3,544 (3,660), a decrease of 3.2%.
- The male:female ratio of accepted students is 49:51 (49:51).
- For applications from Home students attending UK schools/colleges the proportions of acceptances by school/college type are:
Maintained 72.9% (71.6%)
Independent 27.1% (28.4%)

Table 4.1 Home applications, offers and acceptances by A Level profile and gender

- Of those accepted, 97.9% (99.0%) achieved the equivalent of A*AA or better counting **only** their best three A Levels excluding General Studies and Critical Thinking.
- The number of **unsuccessful** applicants who went on to achieve the equivalent of A*AA or better counting **only** their best three A Levels excluding General Studies and Critical Thinking is 6,993 (7,775).

Table 7.1 Home applicants, offers and acceptances by HE participation neighbourhood (POLAR4 quintile)

- The proportion of those accepted whose home postcode has a matching value in the POLAR4 directory and who are in the lowest participation quintile is 5.3% (5.4%).
- The proportion of those accepted whose home postcode has a matching value in the POLAR4 directory and who are in the lowest two participation quintiles is 14.6% (15.5%). In addition, 0.3% (0.3%) of those accepted had a home postcode with no match or value in the POLAR4 directory.

Table 8.1 Home applicants, offers and acceptances by OAC flag

- The proportion of those accepted whose home postcode has a matching value in the OAC directory and who are in a flagged subgroup is 20.3% (20.3%). In addition, 0.1% (0.2%) of those accepted had a home postcode with no match or value in the OAC directory.

Table 9.1 Home applicants, offers and acceptances by IMD flag

- The proportion of those accepted whose home postcode has a matching value in the IMD directory and who are in a flagged quintile is 21.2% (21.0%). In addition, 0.3% (0.3%) of those accepted had a home postcode with no match or value in the IMD directory.

Table 10.1 Home applicants, offers and acceptances by ethnicity and gender

- The proportion of those accepted whose ethnicity is known and who declare they have an ethnic minority background or other is 33.6% (31.5%). In addition, 1.0% (1.1%) of those accepted chose not to declare their ethnic origin.

Table 11.1 Applicants, offers and acceptances by disability

- The proportion of those accepted who declare they have a disability is 10.5% (9.1%).

Mathematics includes those applying for Mathematics and Mathematics with Physics. The courses in Management Studies and Manufacturing Engineering can be taken only after Part I in another subject, and this was also the case for Chemical Engineering during the 2022 cycle. Applications, offers and acceptances for these courses are recorded under the first year subjects taken by the applicants involved.

The terms 'Maintained' and 'Independent' refer to UK schools/colleges, so figures provided in the lower half of the table against the 'Maintained' and 'Independent' labels refer to applicants permanently resident outside the UK applying following education in UK schools/colleges. The 'Other and Overseas' category consists largely of applicants at schools and colleges outside the UK, but includes applicants from a variety of non-school/college institutions within the UK. Academies in England are counted within the Comprehensive School category if their admissions policy is non-selective, or the Grammar School category if their admissions policy is selective.

For applications from Home students attending UK schools/colleges the proportions of acceptances by school/college type are:

Maintained **72.9%** (71.6% in the previous cycle)
 Independent **27.1%** (28.4% in the previous cycle)

* While most applicants for the Medicine Graduate Course apply to Cambridge for entry directly following study at an HE institution, some applicants undertake further science A Level study at UK schools or colleges and are categorised accordingly above. Such applicants are recorded in this table for completeness but omitted from the charts that follow as their number is so small.

The College of application in the data above is defined as the applicant's first choice College (or, in the case of an open applicant, the College to which the applicant was allocated) regardless of subsequent transfers through the pools.

The figures include only Home applicants who applied from a school or college in the UK and show the percentage of applications, offers and acceptances by College from the maintained sector, including FE institutions.

* The majority of applicants to the three Mature Colleges apply from institutions other than UK schools and colleges, or independently of a school or college. Relevant applications and acceptances are counted in this table, but differences of one or two applicants can have a disproportionate effect on the percentages year-on-year and no particular conclusion should be drawn from this.

Mathematics includes those applying for Mathematics and Mathematics with Physics. The courses in Management Studies and Manufacturing Engineering can be taken only after Part I in another subject, and this was also the case for Chemical Engineering during the 2022 cycle. Applications, offers and acceptances for these courses are recorded under the first year subjects taken by the applicants involved.

POLAR4 is a classification of UK postcode areas showing the participation of young people in higher education (HE), where 5 signifies the highest-participation neighbourhood quintile and 1 the lowest. More information about POLAR methodology is available at: www.officeforstudents.org.uk/data-and-analysis/young-participation-by-area.

OAC (Output Area Classification) data provides information about the dominant socio-demographic characteristics of an applicant's residential neighbourhood. Applicants are flagged if they live in a neighbourhood whose characteristics are associated with relative disadvantage and low Cambridge application rates. More information about OAC methodology is available at: www.ons.gov.uk/methodology/geography/geographicalproducts/areaclassifications.

This data relates to applicants (who may apply for up to five courses in their UCAS application) rather than the total number of applications made by applicants. Applicants to Cambridge are usually permitted to make only one application to the University in any given year, the sole exception to this rule being those wishing to be considered for both the standard Medicine and Graduate Medicine courses.

Table 10.2 Home applications, offers and acceptances to Cambridge by ethnicity and subject in any of the last three years (2020-2022) – White, and all other ethnic groups combined

This table counts Home applicants with known ethnicity only, over a three-year period. In this table, applicants declaring a Black (including Caribbean, African, and Other Black background), Asian (including Indian, Pakistani, Bangladeshi, Chinese, and Other Asian background), Mixed (including White & Black Caribbean, White & Black African, White & Asian, and other Mixed background), or Other (including Arab, and Other ethnic background) ethnicity, are aggregated in the 'Other than White' columns.

No disability declared	20,194	90.0	3,761	88.8	3,172	89.5	15.7
Totals	22,433	100.0	4,237	100.0	3,544	100.0	15.8

This data relates to applicants (who may apply for up to five courses in their UCAS application) rather than the total number of applications made by applicants. Applicants to Cambridge are usually permitted to make only one application to the University in any given year, the sole exception to this rule being those wishing to be considered for both the standard Medicine and Graduate Medicine courses.

* The 'All Others' category includes Home applicants not at UK schools and colleges and all other applicants at any type of institution.

Applications:

- Applicants to Cambridge can choose to make a **direct** application to a College of their choice or to make an **open** application, where the application is allocated to a College by computer algorithm.
- Applicants may be placed in the **Winter Pool** by the College to which they applied (or were allocated in the case of open applicants) for a number of reasons, summarised here: www.undergraduate.study.cam.ac.uk/applying/decisions.

Offers:

- **Direct** offers are those made by the College to which applicants applied (or were allocated in the case of open applicants), regardless of whether the application was placed in the Winter Pool.
- Offers made **via the Winter Pool** are those made to pooled applicants by a College other than that to which they applied (or were allocated).
- Offer-holders may sometimes be placed in the **Summer Pool** by their offering College if, following the publication of examination results, they have narrowly missed the conditions of their offer.

Acceptances:

- For offer-holders, acceptances may be made **by the offering College**, regardless of whether the application was placed in the Summer Pool, or by a College other than that which made the original offer **via the Summer Pool**.
- Additionally, some applicants from under-represented backgrounds who were not originally made an offer, and who perform better than expected in summer examinations, may become eligible for reconsideration in the August Reconsideration (**AR**) **Pool**. Such applicants may be accepted by any College **via ARP**. Further information about the August Reconsideration Pool (formerly known as Adjustment) is available here: www.undergraduate.study.cam.ac.uk/august-reconsideration-pool.
